SECTION I - General Information about the position

The Facilities Management Department provides planning, design, construction, maintenance, repair, and renovation of all UNC Charlotte facilities, in support of the University's instructional, research, and public service missions. Facilities include utilities systems, data systems, streets/roads/sidewalks, structures, building mechanical systems, improved and unimproved grounds, athletic fields, and parking facilities housekeeping, vehicle fleet operations/maintenance, and environmental services (recycling).

The Facilities Business Office is charged with administration of the FM budget. The office prepares and monitors budgets, develops financial projections, manages the FM procurement and billing processes and interfaces with the University's central accounting and purchasing units.

The primary purpose of this position is to bill reimbursable areas for services performed by the Facilities Management Department. To be successful in this role requires understanding FM's Computerized Maintenance Management System guidelines, training and mentoring of FM personnel who open and close work requests as well as quality assurance to ensure that all reimbursable funds are captured.

### Key Responsibility

| 5 | % of Time | Providing Customer Service | X |

Using interpersonal skills to change the perspective of unhappy clients or customers on a frequent basis such as customer complaints on billing. I often explain the costs associated to a work request so they understand the reasoning.

Independently resolving customer problems by reliance on extensive program knowledge, analytical skill, and research of past actions

Probing for details in order to assist with customer issues/questions on billing charges, etc. For example, contacting shop supervisors regarding specific charges: inquiring about the status of outstanding purchase orders for billing purposes. Also contact Capital or Design Group project managers and Purchasing as well as the FBO Purchasing Expeditor to get resolution on questions regarding outstanding billing.

**Recommend and implementing procedural changes to improve quality of service, for example recommendations on purchasing steps for FM and the reorganization with the front desk.** Developed a guideline on entering work requests through our FME system which also included a breakdown on what each shop is responsible for. Drafted a proposal to alleviate and ensure expediency of Capital Planning work requests phases. Proposal was implemented.

Providing accurate information and explanations based on FBO procedures and the purchasing policy guidelines.

"ADA CHECKLIST"

CHECKLIST FOR DETERMINING THE GENERAL PHYSICAL REQUIREMENTS.
PHYSICAL ACTIVITIES, VISUAL ACUITY, AND WORKING CONDITIONS OF SPA STAFF POSITIONS

Circle the letters that correspond with the physical aspects of the essential functions of the position.

Essential functions are the fundamental job duties, meaning the position exists to perform the function; there is a limited number of employees among whom the performance of the function can be distributed; and/or the incumbent is hired for expertise or ability to perform the function due to his high specialization. The Americans with Disabilities Act of 1990 (ADA) and associated Federal regulations considered qualified individuals with disabilities from discrimination in all areas of employment. To be without reasonable accommodation, an individual must be able to perform the essential functions of a position, with or without reasonable accommodation. It is important that the physical tasks associated with the essential functions be identified appropriately so that persons with disabilities can determine if any accommodation is necessary.

I certify that I have read the physical requirements as set forth below and am physically able to perform the necessary duties as indicated herein.
