

Scholarship Information

The College of Arts & Sciences awards a limited number of scholarships each year. Students who have high academic records, meet specific award requirements such as major field of study, and/or have financial need may apply for College of Arts & Sciences support. Awards may or may not be renewable. **The application deadline is March 1.**

College of Arts and Sciences Scholarships

Dixie Lee Bryant STAMPS Scholarship:

Students majoring in Biology, Chemistry & Biochemistry, Computer Science, Geographic Information Science & Earth Science, Mathematics & Statistics, or Physics & Astronomy; demonstrates financial need.

Barbara C. Carter and Hal B. Phillips, Jr. scholarship for Math and Science teachers in secondary school level:

To support talented students in math and science with a special interest in students who plan to teach math and science at the secondary school level, financial need is not required, but may be considered in selecting recipients.

Mary Motsinger Evans Scholarship in Science and/or Mathematics:

Deserving undergraduate majoring in one of the following disciplines: Biology, Chemistry and Biochemistry, Mathematics and Statistics, Physics and Astronomy; must demonstrate financial need.

Gene and Pat Holder Scholarship:

Full-time undergraduate with financial need majoring in a field of study within the College of Arts & Sciences; minimum annual award of \$1000; may be renewed for students in good academic standing with continued financial need.

Chris Velonis Miller Scholarship:

Full-time undergraduate majoring in a field of study within the College of Arts & Sciences with financial need; annual awards up to \$3000.

Aline and Alice Spell Scholarship in the Sciences:

To enable students to pursue majors in the sciences. Areas of study include but are not limited to Biology, Chemistry and Biochemistry, Computer Science, Mathematics and Statistics, Physics and Astronomy; preference given to female students.

Bernice Love Stadiem Memorial Scholarship:

Undergraduate students at the University who have chosen to major in liberal arts. Recipients will be chosen primarily on the basis of merit and financial need. Award can be renewed.

Dilys Bass Stowell Scholarship:

To make higher education possible for students from Roberson County in the College of Arts and Sciences. Recipients will be chosen primarily on the basis of financial need.

Scholarship applications and forms are due in Foust 100 by March 1

Laura B. and Christopher C. Tew Physical Science Scholarship:

Talented and deserving undergraduate majoring in Physics or Chemistry and Biochemistry; may be renewed if student maintains satisfactory academic standing and major in physical science.

Women in Math and Science Scholarship:

Deserving full-time upper-division (junior or senior) woman in good academic standing and seeking a major in Biology, Chemistry and Biochemistry, Mathematics and Statistics, or Physics and Astronomy; preference will be given to qualified North Carolina residents; may be renewed for a second year if student continues to meet all requirements; annual award up to \$1000.

Other scholarships are administered directly by departments or programs in the College and may have separate application forms and deadlines. Please contact specific departments and programs for their scholarship information. (<https://fia.uncg.edu/uncg-grants-and-scholarships/uncg-grants-and-scholarships-arts-and-sciences/>)

The application should be returned to the Dean's Office in 100 Foust Building or mailed to the Dean's Office, College of Arts & Sciences, c/o Anna Nugent, P.O. Box 26170, UNCG, Greensboro, NC 27402

In addition to completing this form, applicants will need a recommendation from a faculty member to be submitted to the Dean's office by March 1. Notification of selection will be made to recipients of awards only.
